

Postcards From Home

Dear Parents,

As you are aware we value your contributions to your child's Learning Journey record at St Fidelis Primary School. We have developed a simple way for you to record these using a postcard format. You can attach a photo/picture/writing from a home based activity on one side of the postcard and write a short message/comment to explain what was going on. The postcard will then be added to your child's individual Learning Journey record book, which will be developed throughout their year in Reception. **We would appreciate you taking the time to send us a postcard from home each term or more frequently should you wish to do so!** Additional postcards are available on request.
Miss Finch and Miss McDermott

Postcard from Home example

Dear everyone at Sparrows

On Sunday I did a jigsaw puzzle with my family. I worked with my mum and dad and we talked about the different animals that were in the picture. My dad told me about when he visited Africa and saw an elephant. We looked for Africa on the computer and I can find it on a map! Then we shared my favourite Elmer book.
