

# Governors at St Fidelis—who's who

**Br James Boner**

**Mark Hannon**

I have been Head Teacher of St. Fidelis for eight years, having joined the school in 2008. As well as being a governor here in our own school I am also a governor of a Catholic secondary school in Kent. This helps me to better understand the commitment and dedication that all our governors give voluntarily to make sure our school is a truly great Catholic school.

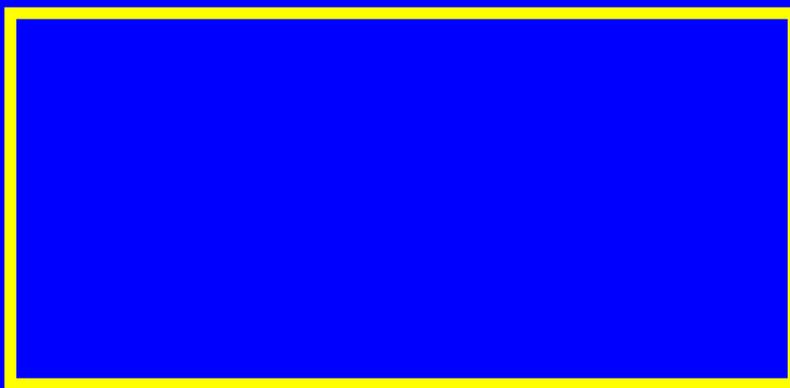

**Simon Hayes**

A father of 3 children, all of whom have been through St. Fidelis Primary School, I have owned and run my own accountancy recruitment business in London's West End since 1999 and was a senior member of another before that time. I act for many firms that span commercial, charitable and public sector activities ( NHS /Higher Education etc.). This role has given me vast experience of various types of meetings, interviews and client relationship building as well HR and employment law knowledge. I have been a governor since June 2010 and I find that governorship is a thoroughly enjoyable and challenging experience. Our school is constantly evolving and changing for the better and I am very proud to be involved in such a hard working school, a proactive governing body and a close knit parish. We continue to work to bring the parish and the school ever closer together so our children leave St. Fidelis with the best future possible.

**Linda Ibegbule**

My son is in Year 5 at St Fidelis Catholic School and serving as School Governor for such a reputable school is an honour. I am a qualified mental health nurse and social worker of over 15 years' experience. I had my first degree at age 19, and later became an IT Consultant. I now work as an independent social care practitioner and Safeguarding Manager within a Local Authority. I have worked with various client groups including children and older persons, and trained as a Best Interest Assessor. I have also supported various charities, and worked as part of a multi-disciplinary team.

In the last 10 years, I have raised two boys at St Fidelis and understand the school's challenges and driving ethos of excellence. I bring with me a wealth of many years' experience to support and enhance the key decisions and affairs of the school to the benefit of the children.

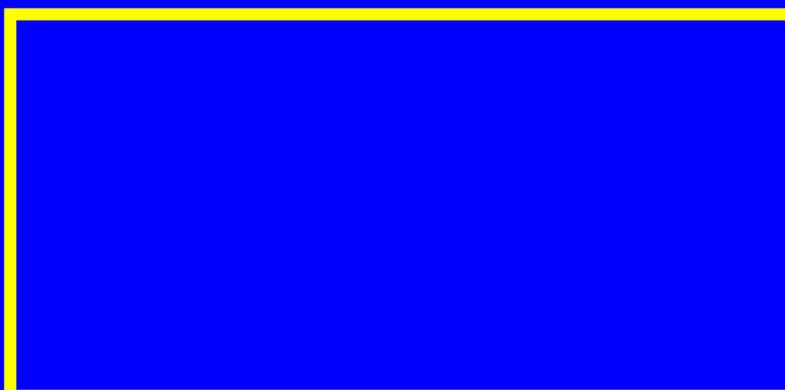

**Nigel Mascarenhas**

I'm proud to be a governor of St. Fidelis where I studied and both my daughters have followed in my footsteps. I am a qualified accountant with 24 years experience in the public sector. I have worked in various roles within Corporate Finance departments and currently have responsibility for the Pension Fund, Treasury Management, Banking, Payments, Insurance and Controls teams at Camden Council. I have a strong interest in good governance as my day job involves reporting to various board level committees in another local authority.

**Fatima Melder**

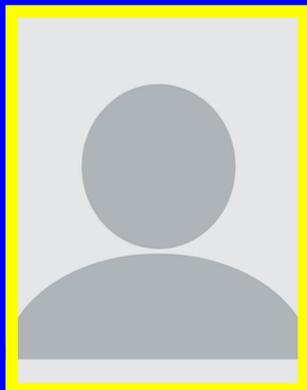

**Alison McGurn**

I have a lifelong connection with the community. I was baptised at Our Lady of the Angels and since returning to the area (and so the parish) in 2008, my husband and I were married and our two children baptised there.

Last year, my daughter began in Reception at St Fidelis. We were delighted as it was our first choice school and we hope that our son will follow suit in a few years. I admire the school's ethos and achievements and the way the school body pro-actively strives for continual improvement.

I have a background in Finance, English language teaching and project management and a real passion for literacy. I transfer these skills and dedicate time to support the school and all of our wonderful children in their learning journey.

# Governors at St Fidelis—who's who

Two years ago, our son secured a place in Reception and we were over the moon. As Parishioners, we knew that St Fidelis was the school for him. From a distance, I've seen how the school functions. I now work more closely with the school and parish leaders as Parent Governor. I believe a school should provide an even balance of high academic attainment but equally, pastoral care, bringing out the best in every child. Primary school education is the foundation for all children to do well in the world and as a governor I help to ensure that all staff continue to do their jobs to the best of their ability, promote a safe, fun environment to learn in, within the Catholic faith, whilst ensuring resources and funds are used effectively. I dedicate time to the school and parish, helping "Little Church", attending school trips and reading café. My career spans finance and middle management for over 20 years, a Bank Manager in the community.

**Tamara Renshaw-Hearne**

I have been Deputy Head Teacher for 5 years at St Fidelis. Being part of the Governing Body and working with Governors from a range of different sectors enables me to see the school from perspectives which are different to my own. In my view, a real strength of the Governing Body is that we are all working together to make the school the best it can be.

**Catherine Quirke**

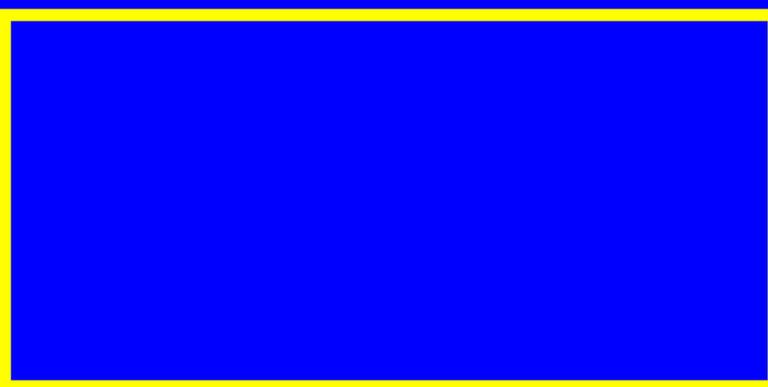

I have a very long association with St Fidelis going back many years since my four children were pupils here. I initially became involved with the school as a parent helper and then shortly after worked as a teaching assistant for twenty years. I found that this involvement, together with participation with class assemblies, concerts and the First Holy Communion programmes, helped to enrich my own faith.

I believe very much in the Home-School-Parish relationship and, from what I have experienced, believe it to be a relationship through which we can support each other in our various needs, develop long lasting friendships, and experience a joyful faith as a community in the love of Christ.

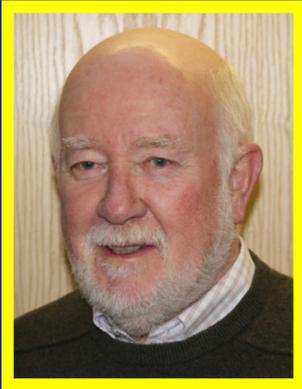

As a governor and parishioner, I would very much like to help develop this special relationship even further.
